Hi Ben,

Thanks for coming over last night. It was a good discussion. Regarding a memorandum of understanding for snow removal, I would like to get this to Council sooner than later. What is your availability to meet and discuss?

Also, the BATB website still identifies the Washburn Public Library as one of the groups that directly benefited from the 2022 Race. To my knowledge, the library has not received a donation from the event. Please remove them from this list. I did mention this last December, but I see the change was not made.

Thanks,

Tony
